        2. No Change.
        3. ~~**DELETE: While on USFJ installations and interacting with citizens of the host nation all personnel are required to wear masks, regardless of vaccination status. This includes, but is not limited to MLC, IHA, MC, and JSDF personnel.**~~
        4. No Change.
        5. No Change.
        6. No Change.

**UNCLASSIFIED**

(d) No Change.

(4) – (13) No Change.

d. Coordinating Instructions. No Change.

(1) No Change.

(2) No Change.

(3) No Change.

(4) Travel into the Japan AOR. No Change.

(a) No Change.

1. No Change.

2. No Change.

3. No Change.

4. No Change.

**5. ADD: All deployed, active, activated reserve and guard component personnel (to include DOD civilian and contract personnel IAW their statement of work) deployed to or TDY/TAD >30 days to Japan must be fully vaccinated prior to entry into Japan (Ref ppp). This includes operation movement of units, Individual augmentees, and exercise support personnel.**

(b) No Change.

(c) No Change.

(d) No Change.

**(e) ADD: Fully vaccinated individuals (and unvaccinated dependents under age 18 traveling with a vaccinated guardian) may take a domestic non-stop flight under the following**

## **UNCLASSIFIED**

**conditions when arriving into Japan from outside the country, prior to completion of ROM. Additional requirements as follows:**

- 1. Must use only approved airports, airline companies, and routes. As of 12 November 2021, the only authorized flight is NH993, available Monday through Friday, with reservations completed directly through the USFJ Centralized POC, J54. Components and Tenant Commands may contact USFJ J54 for updated route information.**
- 2. Negative Pre-travel test within 72 hrs of international travel into Japan.**
- 3. A negative Pre-travel test in Japan within 24 hrs of domestic leg (entry testing from international travel into Japan may meet this requirement, if travel starts within 24 hrs of test results) is required.**
- 4. The domestic leg of travel must be no earlier than 8 hrs after entry into Japan from an international location.**
- 5. ROM begins on arrival entry into Japan for international travelers. Remaining ROM for domestic travelers will continue upon arrival at Naha Airport.**
- 6. During all travel, individuals will follow strict COVID mitigation measures (social distance, mask wear, etc).**
  - a. Dining at sit-in restaurants, bars, clubs is prohibited. Carry-out is authorized.**
  - b. Public transportation such as airport shuttle, buses, and trains are prohibited. Travel by POV/GOV vehicle and approved chauffeured vehicles is authorized.**
  - c. Travelers may lodge at GoJ-approved nearby hotels or on a USFJ installation.**

(5) No Change.

(6) No Change.

(7) ROM Procedures. No Change

## UNCLASSIFIED

(a) **CHANGE:** Vaccinated. All USFJ affiliated personnel arriving in Japan from another country that are fully vaccinated, to include individuals on Temporary Duty, shall travel directly to their domicile using non-public transportation and will, at a minimum, be restricted to a U.S. installation(s) for 10 days commencing upon arrival and ending 240 hours later. **Travel outlined in paragraph 3.d.(4).(e) is authorized.** After day 10, individuals that have a negative viral test may have the restriction to U.S. installation (or their residence if living outside an installation or if denied access to a USFJ installation) removed. Mask wear off installation is required during ROM. The following procedures apply:

1. No Change.

2. No Change.

3. No Change.

4. No Change.

5. No Change.

6. No Change.

7. **CHANGE: Upon receipt of a negative COVID-19 test in Japan, by either MTF or approved commercial means (to include Japanese testing conducted upon arrival to commercial international airports), essential services off installation is authorized for vaccinated personnel. Between day 7 and day 10, and in receipt of a negative COVID-19 test, fully vaccinated individuals are authorized off base for essential services only. Public transportation, restaurants, bars/clubs, and amusement parks/concerts are specifically prohibited.**

(b) Unvaccinated. No Change.

(c) Individuals within 90 days of a positive SARS CoV-2 test. No Change.

(d) No Change.

**UNCLASSIFIED**

(8) – (13) No Change.

3. Admin and Logistics. No Change.

4. Command and Signal. No Change.

6. This order is effective **1600I, 15 Nov 2021**, and will remain in effect until rescinded.

ACKNOWLEDGE via the Orders Tracker.

APPENDIX 4 (ROM PROCEDURES) TO ANNEX C (OPERATIONS)

1. **CHANGE:** All USFJ affiliated personnel arriving in Japan from another country shall travel directly to their residence and depending on their vaccination status will follow the prescribed ROM procedures below **except as authorized in paragraph 3.d.(4).(e)**. All individuals shall utilize only their assigned/home installation, with the exception of personnel on an intermediate stop while awaiting onward movement to their home installation or duty assignment. All ROM procedures **will be determined by vaccination status**. This includes both official and non-official travel. Travel within Japan does not incur a ROM by virtue of this order.

a. No Change.

(1) No Change.

(2) No Change.

(3) No Change.

(a) No Change.

1. No Change.

2. **CHANGE:** If the vessel arrives and has previously had any COVID-19 cases, but all cases have been marked recovered by the Senior Medical Officer, the ship's crew is subject to ROM and arrival testing. All ROM procedures **will be determined by vaccination status**, beginning on the date the last case was marked recovered. Arrival testing must be conducted on or after day 10, but not prior to arrival in port and issuance of a "Free Pratique." If the last recovered case is greater than 14 days from arrival, no further ROM is required upon completion of arrival testing.

3. **CHANGE:** If the vessel arrives with active cases aboard, the entire crew is subject to ROM upon arrival. All ROM procedures begin upon issuance of a "Provisional Pratique," and will be **will be determined by vaccination status**, with an arrival test on or after day 3 of ROM.

4. – 6. No Change.

b. No Change.

2. **CHANGE:** All USFJ personnel arriving in Japan from another country shall not use public transportation to a U.S. facility and area (or their residence, if residing off-base). Use of public transportation between airports, e.g., between Haneda and Narita, is prohibited. Use of private vehicles, government owned vehicles, or military air is directed from initial port of entry into Japan to final destination. Use of domestic commercial air within Japan is prohibited (**or as defined paragraph 3.d.(4).(e)**) until the individual has completed their specified ROM in the individual's residence, at a U.S. Installation provided location, or a USFJ/J5 coordinated location in conjunction with USFJ Service Component command/Sponsoring Agency channels. Furthermore, upon completion of the ROM have received a negative viral test (defined as antigen or PCR), the type to be selected by the installation PHEO. Use of DoD-contracted or non-appropriated fund instrumentality operated bus service or onward movement by MILAIR does not constitute public transportation for purposes of this Order.

3. - 9. No Change

APPENDIX 10 (TRAVEL GUIDANCE) TO ANNEX C (OPERATIONS)

1. No Change.
2. From a Foreign Country or U.S. Territory to the United States.
  - a. Official Travel and Unofficial Travelers (as set forth in reference (REF nn)) will follow procedures outlined in the Foreign Clearance Guide (FCG) **and CDC** before any travel.
    - (1) Per REF bbb, **and IAW current CDC guidelines for international air travel into the United States from abroad**, all travelers will get tested with a viral test 1-3 days before departure via commercial or military airlift and maintain proof of negative testing during travel. Testing is authorized per REF bbb and in accordance with REF hhh. MTFs will provide testing for all official travelers and all TRICARE-eligible personnel for official and non-official travel, at no expense to the traveler.
    - (2) Service Members, DoD Family Members, DoD civilian employees and DoD contractor personnel **will follow current CDC guidelines upon arrival into the United States from abroad.**
      - (a) ~~Will conduct a pre-travel screening prior to departure. Individuals responding “yes” to the screening questions will delay travel and consult a healthcare provider for clearance to travel.~~
      - (b) ~~Will conduct a risk assessment upon arrival in the United States. Those who become ill or have had close contact with a person known to have contracted COVID-19 during travel must self-isolate (if ill) or quarantine (if exposed but not ill) and notify their chain of command or supervisor.~~
      - (c) ~~If the Service member is traveling from, or has traveled through, a country designated as CDC Travel Health Notice (THN) Level 4, 3, or 2, the Service member will upon arrival at their destination domicile:~~

## UNCLASSIFIED

1. ~~ROM for 14 days without testing; or~~
  2. ~~If after an appropriate risk assessment, DoD Components may decrease to a ROM for 10 days without testing; or ROM for seven days with a test within 48 hours of the end of the seven-day ROM and end ROM at seven days if the test is negative.~~
  3. ~~For any travel associated ROM, follow the procedures specified by travel destination.~~
  4. ~~The ROM requirements may be reduced or waived by the Secretaries of the MILDEPs, Commanders of GCCs, or Heads of DoD Components on a case-by-case basis with appropriate risk assessment and mitigation measures.~~
  5. ~~Comply with all installation, CDC, State, and local government guidance.~~
  6. ~~Personnel whose presence is required in the work place may return to work upon submission and approval of an ETP to ROM through the gaining unit or temporary duty location.~~
- (d) ~~If the Service member is traveling from a country designated as CDC THN Level 1 and has not otherwise entered a CDC THN Level 4, 3, or 2 country, the Service member will upon arrival at their destination domicile:~~
1. ~~Self-monitor for 14 days, upon arrival, as described in (c) above.~~
  2. ~~Notify their chain of command or supervisor if they develop a fever or symptoms consistent with COVID-19.~~
  3. ~~Comply with all military installation, CDC, and State and local government guidance.~~
- (e) ~~For travel via military airlift (contracted or organic), APOE Health Screening is mandatory.~~
